

IP Keyboard Controller CKB-15IP

Application

IP Keyboard Controller can be applied to installed in Multi-IP PTZ camera places, such as school, hospital, hotel, factory, workshop, etc., realize the unified control of the Onvif protocol in the LAN

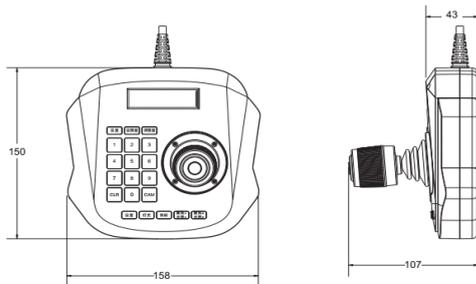

Product Introduction

It can effectively prevent from scratching. Using industrial-grade LCD, it can display excellent quality. Covered with a layer of rigid organic glass makes the characters more clearly. It supports Onvif protocol, high compatibility, extension IP keyboard controller adopt aluminum wire, high-end atmosphere, unique surface

Feature

- ※ Support Network control model, It has unique IP address.
- ※ Support ONVIF protocol, realize the control to PTZ.
- ※ Support Auto-search the ONVIF devices in LAN
- ※ Support Offline search & add devices.
- ※ Support Max 253pcs front-end equipments in one LAN.
- ※ Support many famous brand IP PTZ Coding, such as Hikvision, Dahua, TVT, Hanbang, XM, Jovision...etc
- ※ Support control IP PTZ to call and set Presets, zoom, focus, Iris, Tour etc.
- ※ Japan-Original 4D Joystick
- ※ LED displayer can display IP PTZ's status info

Product Dimension(mm)

Technical Specification

Model No.	CKB-15IP
Main Chip	Grain GM8126
RS485	1pc 3.81pin, TA,TB
RS232	1pc DB9 male pin
Ethernet	1pc Ethernet, IEEE 802.11 b/g/n
Protocols	Onvif 2.4
Power Supply	DC12V ± 10%
Working Temperature	0°C - 55°C / 15°F - 131°F
Working Humidity	20% - 80%(frostless)
Storage Temperature	-20°C - 70°C / 14°F - 140°F
Storage Humidity	Below 90%RH(frostless)
Dimension	158 x 150 x 107(mm)
Weight	1.21kg
Certification	CE, RoHs
Warranty Time	One Year
